President

Shri.SatishChavan
Secretary

Shri.Anil Nakhate
Joint Secretary

Dr.Anand K. Pathrikar
Director

3.5.1 Number of Functional MoU's/linkages with institutions/industries in India and abroad for internships,on-the-job training,project work ,student/faculty exchange and collaborative research during the last five years.

DVV Clarification.

Most of the MOUs have been signed during the last 4-5 months of assessment period, therefore, excluded. Moreover, a few lie beyond assessment period. Furthermore, some of them have not been signed by second party, or not signed by at least two witnesses, or not notarized, or not endorsed by any identifier. Additionally, the terms and objective for MOUs are grossly general and do not disclose any specialization of other party. Therefore, warrants correction and modification. An MOU or agreement for faculty exchange requires a substantive exchange involving any resource—human, instrumental, laboratory, etc.—whether for a regular course, a portion thereof, or any Value-Added Course (VAC). Online activities or workshops do not qualify as actual exchanges. Similarly, invited talks or lectures on topics such as the importance of economics, or other one-day interactions, do not meet the criteria for an actual exchange. Consequently, these brief interactions do not justify the signing of an MOU for their organization. ;; HEI to provide following evidence:

1. Copies of MoUs/collaboration-related documents on valid stamp paper or e-stamp paper,
2. The nature of MoUs/collaborations,
3. In the case of any grant received, HEI needs to provide the year-wise financial audit sheet duly certified by the recognized agency/CA highlighting the grants received under MOU(s).
4. dates of start and completion.
5. Objective of each MoU/collaboration.
6. List of the name and course/subject of students/faculties involved in each MoU/collaboration.
7. Project/internship report link of each MoU/collaboration.

HEI Response.

- We have been preparing MoU's on college letter heads since the beginning because we didn't know that for NAAC accreditation, MoU's need to be on stamp paper. These MoU's that have already been prepared on college letter heads have been uploaded in the SSR. So kindly consider the same.
- "The MoU outlines the nature of collaboration between parties, Is First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities. The parties shall co-operate with each other and shall as promptly as is responsibly practical, relevant agreement. The parties believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities. The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education, Placement, Industrial Visit, Expert Lecture
- So far, we have not received any grant under the any MoU's.
- We have mentioned the start date of the MoU's on the papers, but we have not mentioned the end date because we have set the validity of the MoU's to be either for 5 years from the start or for a lifetime."
- The objective of MoU or collaboration is to establish and promote more effective use of each of their resources, and provide each of them with enhanced opportunities. The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education, Placement, Industrial Visit, Expert Lecture.
- As of now, the name and course/subject of students/faculties involved in each MoU/collaboration is zero or has not been generated.
- As of now, the project report/internship link for each MoU/collaboration is zero or has not been generated."
